DRC have been on the radio doing a series of information sharing shows called "Living Life Connected". Above is Elana (Information and Communications Coordinator) with Daniel and Ainslie (Community Coordinator).

Bye, bye Karen Lane.

A heartfelt farewell morning tea for Karen was attended by staff, lots of clients & some parents... All the best for your future Karen!

# Cooking & Sewing Corner

WOW!! Look at the lovely skirt Jane has made.

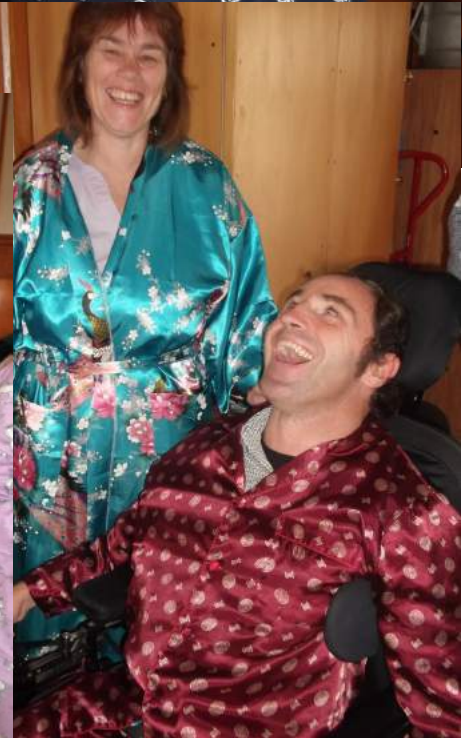

What will Jane make next? Any balls coming up Cinderella???

# PJ Party!

DRC "came to the party" (did you like that? - I'm here all week... oh no...)

...well, actually we WENT to the Idea Servies PJ party. Onesies & jammies all around and fun had by all.

Good grief,  
where do I  
start????!!!

Susan's looking a little overwhelmed at the sheer task ahead of her... while Stephen and Leanne take it easy with a leisurely stroll amongst the greenery.

Richard has been very busy in the great outdoors lately.

He's always wanted to ride on a motorbike and this one's got 4 wheels!! — 2 extra bonus ones!

Richard also loves helping groom the horses at Leg Up Trust. I'm sure the horses like it even more than him.

AND look, he's peek-a-booming behind Beth at the apple picking they did.

We were invited to pick some apples by a friendly employer at Willowford Orchard, so we could see what it was like. The employer was rewarded with our home made strawberry jam!
